Division Strategy

Bioprocess Solutions
- Positioned as a total solution provider for the biopharma industry with a product portfolio covering nearly all steps of the customers’ production processes
- Global leading positions in key technology platforms; e.g., process filtration, fluid management, fermentation, and cell cultivation
- One of the widest portfolios in the industry with a clear focus on single-use technologies such as filters, bags, and cell culture media
- Continuous expansion through complementary acquisitions and targeted alliances

Lab Products & Services
- Premium provider of laboratory instruments, consumables, and services for sample preparation and bioanalytic
- Leading international positions in laboratory balances, pipettes, and lab consumables
- Outstanding brand reputation, strong product range, and global services as the basis for further expansion of market share
- Extension of portfolio with complementary laboratory products through acquisitions and alliances
